MICRO PACK //

CLADE MICRO PACK //

The micro pack is a MT only low capacity CO₂ pack, designed for convenience and small supermarket installations. Utilising Emerson Stream technology the pack can be configured in multiple options based on 2, 3 or 4 compressors with duties ranging from 20-70kw. Available for installation into a plant room or supplied in an ultra-low noise housing. The micro pack range is ideal for urban projects where environmental impact and capital costs are measured equally.
